

## **Consent to the Collection of Biometric Data**

BluSKY is a cloud-based physical security software program that controls access to this property that is designed and supported by BluB0X Security, Inc. (BluB0X)..

This property's security system is run by BluSKY and includes one or more biometric identification devices to provide access through portals or, via elevators, to the floors.

The use of these biometric devices requires that you willingly submit to an enrollment process which varies by device type.

The act of enrollment signifies your consent to the storage and use of your biometric data in BluSKY for the purpose of access via biometric device to any of the properties that are served by the BluSKY security system.

BluB0X's policy is to protect that is stored in BluSKY in accordance with applicable standards and laws, including, any local laws or Biometric Information Privacy Acts.

Your biometric data will be stored, transmitted, and protected using a reasonable standard of care and in a manner that is the same as or exceeds the standards followed in maintaining other confidential and sensitive information.

Your biometric data is usually kept in BluSKY up to three (3) years after your personal record in BluSKY is switched from active to inactive status.

Your biometric data will not be sold, leased, traded, or otherwise used for profit.

Your biometric data will not be disclosed unless (a) consent is obtained, (b) disclosure is required by law, or (c) disclosure is required by a subpoena.

In the event your biometric data begins to be applied for any additional purpose, the associated BluB0X policy will be updated.

*A copy of BluB0X's Biometric Information and Security Policy is available in BluINFO at <https://knowledge.blub0x.com>.*

By signing below, you consent to the collection, use, and storage of your biometric information in BluSKY for the above defined purpose.
